

STUDENT SELF-ASSESSMENT AND REFLECTIVE LEARNING FORM

Course:

Student Name: _____

Registration Number: _____

Module/Unit: _____

Faculty Name: _____

Date of Submission: ____ / ____ / ____

Purpose of Self-Assessment

Self-assessment is an important component of professional learning and continuous improvement. This form is designed to help learners reflect on their understanding, participation, skills development, and achievement of learning outcomes. Honest reflection enables students to identify strengths, recognize areas requiring improvement, and develop strategies for future learning.

STUDENT SELF-ASSESSMENT AND REFLECTIVE LEARNING FORM

Section A: Learning Outcome Achievement

Rate your level of agreement with the following statements using the scale below:

1 = Strongly Disagree | 2 = Disagree | 3 = Neutral | 4 = Agree | 5 = Strongly Agree

Statement	Rating (1–5)
I actively participated in the learning activities, discussions, and exercises.	_____
I attended the sessions regularly and engaged with the learning materials.	_____
I understand the key concepts and principles covered in this module/unit.	_____
I can explain the concepts learned using my own words.	_____
I can apply the acquired knowledge to practical pharmacy and healthcare scenarios.	_____
I developed new skills related to artificial intelligence and digital technologies.	_____
I understand the relevance of AI and digital tools in modern pharmacy practice.	_____
I successfully completed all assigned activities and tasks.	_____
I am confident in using the digital tools or platforms introduced during this module.	_____
I can critically evaluate the benefits and limitations of AI applications in healthcare.	_____
I sought guidance and clarification whenever I encountered learning difficulties.	_____
I believe I have achieved the intended learning outcomes of this module/unit.	_____

Total Score: _____ / 60

STUDENT SELF-ASSESSMENT AND REFLECTIVE LEARNING FORM

Section B: Knowledge and Skill Development Reflection

1. What were the most important concepts, skills, or insights you gained from this module?

2. Which topic or activity did you find most interesting and why?

3. How do you think the knowledge gained from this module can be applied in pharmacy practice, patient care, healthcare management, research, or digital health environments?

4. Describe any practical skills, digital tools, or AI applications that you learned to use during this module.

Section C: Challenges and Areas for Improvement

1. What challenges or difficulties did you experience while studying this module?

2. Which topics require further study or clarification?

3. What actions will you take to improve your understanding and performance in future modules?

STUDENT SELF-ASSESSMENT AND REFLECTIVE LEARNING FORM

Section D: Personal Learning Reflection

1. How would you describe your overall learning experience in this module?

- ☐ Excellent
- ☐ Very Good
- ☐ Good
- ☐ Satisfactory
- ☐ Needs Improvement

2. Rate your overall effort and commitment towards learning in this module.

- ☐ Excellent
- ☐ Very Good
- ☐ Good
- ☐ Satisfactory
- ☐ Needs Improvement

3. What additional resources, support, or learning activities would help enhance your learning experience?

Student Declaration

I hereby confirm that this self-assessment has been completed honestly and reflects my personal evaluation of my learning progress, participation, and achievement of learning outcomes within this module.
